Right: dark, containing the building; exhibition hall.	 Structure: with triangular open roof truss; concept framework; small 2m, like kids building; no wall, tiles. Left: metal; red, Greek style untreated wooden building; French style. Right: dark, containing the building; exhibition hall.	  	  	  
NON-PROFESSIONAL Eastern  Structure: with triangular roof truss, two columns; red columns; wooden, iron wooden columns; bark colour; like trees. West side: wooden floor; grey brick wall without plaster work from left side. Right side: on back wall. Screw: on back wall. Back ground: on back wall. Lighting: on back wall. Heater: on back wall.	 Building: with triangular roof truss; rusting red columns; iron bark colour columns. West side: rusting red columns; iron bark colour columns. East side: from west to east on north wall. Lighting: on north wall. Heater: on north wall. Floor: wooden. Wall: brick; without plaster work.	 Building: with triangular roof truss; rusting red columns; iron bark colour columns. West side: rusting red columns; iron bark colour columns. East side: from west to east on north wall. Lighting: on north wall. Heater: on north wall. Floor: wooden. Wall: brick; without plaster work.	 Building: with triangular roof truss; rusting red columns; iron bark colour columns. West side: rusting red columns; iron bark colour columns. East side: from west to east on north wall. Lighting: on north wall. Heater: on north wall. Floor: wooden. Wall: brick; without plaster work.	  	  	  
CHILDREN Western  Structure: four; red; metal; square rectangular; four; wooden; cylinder; like tree trunk; horizontal; half red metal half timber; joining together two; forming triangular top; half red metal half wooden onto wooden one; shade; from right invisible window. Left columns: dark. Right columns: paving square tiles; clay colour. Beams: grey stony. Bars: behind the red columns. Screws: black; on bottom wall. Light: with two white thermos. Chamber: black; on bottom wall. Floor: black; on bottom wall. Hole: with two white thermos. Heating radiator:	 Left columns: four; red; metal. Right columns: four; tree wood; cylinder between columns normal shape; half red half wood. Roof: from window. Light: paving square tiles; clay colour; next the steel columns; with window behind the columns. Floor: under tiles. Wall: under tiles. Doorway: under tiles.	 Left columns: four; red. Right columns: four; between; cylinder between columns normal shape; half red half wood. Bars: from window. Light: paving square tiles; clay colour; next the steel columns; with window behind the columns. Floor: under tiles. Wall: under tiles. Doorway: under tiles.	 Left columns: four; red. Right columns: four; between; cylinder between columns; half red half brown. Bars: from window. Light: paving square tiles; clay colour; next the steel columns; with window behind the columns. Floor: under tiles. Wall: under tiles. Doorway: under tiles.	  	  	  
CHILDREN Eastern  Posts: four; yellow brown; next to the frames; triangular; red. Another Post: brick; grey. Top: paving tiles. Back wall: paving tiles. Floor: paving tiles.	 Posts: four; yellow brown. Cylinders: triangular; red. Top: paving tiles. Back wall: paving tiles. Floor: paving tiles.	 Posts: four; yellow brown. Cylinders: triangular; red. Top: paving tiles. Back wall: paving tiles. Floor: paving tiles.	 Supports: dark; yellow brown. Roof: triangular; red. Windows: blue. Car: base. Brick: base.	 	 	 

Figure: 6-8, Note: In the Tri-colour forms, red represents the Subjects, yellow represents the Complements, blue represents the Attributes, orange represents the New Subjects, purple represents the New Complements, green represents the New Attributes. Every grid with the original colour (red, yellow, blue, orange, purple and green) in the Tri-colour Form is valued as "1" in the following Column Charts, and their lighter tones are valued as "0.5" but the lightest tones as "0.25".
