

TABLE OF CONTENTS

CHAPTER 1: INTRODUCTION

1.1 Introduction	1
1.2 Research aims	5
1.3 Research contribution	9
1.4 Chapter outline	12

CHAPTER 2: OVERVIEW OF CUSTOMER RELATIONSHIP MANAGEMENT (CRM)

2.1 Introduction	14
2.2 Terminology related to managing customer relationship	15
2.3 Relationship Marketing	19
2.3.1 Roots of Relationship marketing	19
2.3.2 Definitions of relationship marketing	23
2.3.2.1 Service marketing literature	24
2.3.2.2 Industrial marketing literature	29
2.4 Customer relationship management (CRM)	33
2.4.1 Evolution of CRM	33
2.4.2 Definitions of CRM	37
2.4.2.1 Academic – Marketing/Management literature	38
2.4.2.2 Academic – Information System literature	42
2.4.2.3 Academic – summary	45
2.4.2.4 Practitioner	47
2.4.2.5 Practitioner – summary	49
2.4.2.6 Definition of CRM	50
2.4.3 Differences between CRM and Database Marketing	52
2.5 Scope and methodologies of previous CRM adoption study	54
2.6 Conclusion	57

CHAPTER 3: ANTECEDENTS AND CONSEQUENCES OF CRM ADOPTION

3.1 Introduction	61
3.2 Antecedents to CRM adoption	62
3.2.1 Technology and innovation diffusion literature	64
3.2.2 Business related antecedents	77
3.2.3 Environmental related antecedents	84
3.2.4 Enabler of CRM – Information utilization	90

3.3 Impacts of CRM adoption	95
3.4 Conclusion	103

CHAPTER 4: CONCEPTUALISATION

4.1 Introduction	105
4.2 Purpose for qualitative methodology - exploratory interview	106
4.3 Qualitative research method: In-depth interview	109
4.4 Sample selection and characteristics	111
4.5 Design of interview questions	115
4.6 Results and Hypotheses	116
4.6.1 Meaning of CRM	117
4.6.2 CRM adoption	121
4.6.3 Antecedents of CRM adoption	124
4.6.4 Consequences of CRM adoption	148
4.7 Conceptual framework	152
4.8 Conclusion	155

CHAPTER 5: QUANTITATIVE RESEARCH

5.1 Introduction	157
5.2 Hong Kong as research context	158
5.2.1 Services sector as the context of study	160
5.3 Research objectives	163
5.4 Research philosophy	164
5.5 Design of questionnaire structure	171
5.5.1 Instrument and Scale Development	174
5.5.2 Instrument testing	201
5.6 Sampling method and administration	203
5.7 Conclusion	205

CHAPTER 6: METHODOLOGY AND ANALYSIS RESULTS

6.1 Introduction	207
6.2 Survey responses	208
6.2.1 Response rate	208
6.2.2 Non response error	211
6.2.3 Respondents' position	214
6.3 Respondents' profile	215
6.4 Analysis strategy	227
6.5 Exploratory factor analysis (EFA)	241

6.6 Confirmatory factor analysis (CFA)	250
6.7 Reliability and validity of the model	253
6.8 Preliminary testing (t test)	257
6.9 Regression model	262
6.9.1 Assumption for regression model	264
6.9.2 Multiple regression	265
6.9.3 Logistic regression	267
6.10 Structural Equation Model (SEM)	274
6.11 Interpretations of the results in relation to hypotheses	281
6.12 Conclusions	290
CHAPTER 7: CONCLUSIONS	
7.1 Introduction	292
7.2 Model development	293
7.2.1 Results on antecedents of CRM adoption	297
7.3 Study implications	303
7.4 Limitations and future research directions	307
7.5 Conclusion	311
REFERENCES	312

APPENDICES

APPENDIX 4.1: Interview guideline

APPENDIX 4.2: Summary of interviews

APPENDIX 5.1: Cover letter

APPENDIX 5.2: Final questionnaire (English version)

APPENDIX 5.3: Final questionnaire (Chinese version)

APPENDIX 6.1: Assumption for regression model

APPENDIX 6.2: Reliability results

APPENDIX 6.3: Validity results

LIST OF TABLES

- 2.1 The comparison of marketing strategies
- 2.2 Summary of definitions I
- 2.3 Summary of definitions II

- 3.1 Literature based on models for ICT adoption

- 4.1 Detail of the samples
- 4.2 Summary of hypotheses

- 5.1 GDP by economic activity
- 5.2 Sections contained in the questionnaire

- 6.1 Reasons for non response
- 6.2 t-test for non response bias
- 6.3 Chi-square for non response bias
- 6.4 t-test for non response bias-attitudinal measures
- 6.5 Number of employees
- 6.6 Answers to CRM adoption questions
- 6.7 Answers to CRM adoption questions (cluster results)
- 6.8 Differences between self-reported and cluster results on CRM adoption situation
- 6.9 Main features of the PLS and covariance-based approach
- 6.10 Results from factor analysis of items on Rogers' attributes of innovation
- 6.11 Results from factor analysis of items on external factors
- 6.12 Results from factor analysis of items on factors within organization
- 6.13 Results from factor analysis of items on Information utilization
- 6.14 Results from factor analysis of items on performance

- 6.15 Goodness-of-fit measures
- 6.16 AVE of constructs in the model
- 6.17 Output of correlations of latent variables in the model
- 6.18 Reliability analysis
- 6.19 t-statistics for the variables (self-reported CRM status)
- 6.20 t-statistics for the variables (from results of cluster)
- 6.21 Significant values of the Multiple regression model
- 6.22 Significant values of the Logistics regression model
- 6.23 Classification table
- 6.24 Significant values of the Logistics regression model
- 6.25 Classification table
- 6.26 Summary of parameter estimates
- 6.27 Summary table on different types of estimation

LIST OF FIGURES

- 1.1 Overview of the research objectives
- 2.1 Influences on relationship marketing
- 3.1 Rogers' diffusion of innovation model
- 3.2 How CRM works
- 4.1 Conceptual model
- 5.1 Four categories of scientific paradigm and their elements.
- 5.2 The interrelationship between the building blocks of research
- 5.3 Procedure for developing a questionnaire
- 5.4 Overview of Scale Development
- 6.1 Distribution of company size
- 6.2 Industry
- 6.3 CRM adoption
- 6.4 Years that companies have been using CRM
- 6.5 CRM adoption (cluster results)
- 6.6 Example of diagram of CFA
- 6.7 Diagram of CFA
- 6.8 Conceptual Model (Factors of CRM adoption)
- 6.9 CRM adoption model without mediator (Model 1)
- 6.10 CRM adoption model with mediator (Model 2)
- 7.1 Significant factors affecting degree of CRM adoption
